

Cameron Park is truly a special place. Since joining the Cameron Park Community Services District I am happy to share how much this community really comes together through community outreach, events, and our many wonderful parks and recreation facilities.

We have many wonderful events planned for 2012. Several include some of your long time favorites as well as some new and exciting events, classes and recreation activities for both kids and adults alike.

First up is Patsy Cline Tribute Concert starring "Joni Morris & The After Midnight Band" on Saturday, January 28th to be held at our beautiful Community Center.

Next up is our 2nd Annual Reds, Whites & Jewels event just before Valentine's Day, on Saturday, February 4th also to be held at our Community Center at 2502 Country Club Drive here in Cameron Park. This is the perfect time to bring your significant other and treat yourselves to an afternoon of wine tasting, light appetizers and jewelry shopping.

As community members, I would also like to welcome you to come to our Monthly General Board meetings on the 3rd Wednesday of each month at 7:00 pm. I also encourage you to continue to check the Cameron Park Community Services District web-site at <http://cameronpark.org/>, the Cameron Park/Shingle Springs Visitors web-site at visitcpss.com as well as to utilize our fine Shingle Springs/Cameron Park Chamber of commerce at (530) 677-8000 for community services, Cameron Park Activities, classes, merchants, restaurants, and county wide activities.

Please feel free to contact me or my helpful staff at any time.

Sincerely,

Mary Cahill
General Manager Cameron Park Community Services District
